

## Guardian Angel Fund

The Guardian Angel Fund is available all year long to provide funding for special wants or needs for individuals who have intellectual and developmental disabilities in Range Communities. During the holidays, we especially want to provide for those who may not have a lot of family or the financial resources to receive many gifts. Sometimes, an individual would just like to get some extra mail. We are happy to send Christmas or Birthday cards too.

If you are a caregiver or acquaintance of an individual with intellectual or developmental disabilities, and you know he/she needs or could use something special, please complete the following form (individuals with needs are also welcome to apply on their own behalf. Applications are reviewed by Arc Minnesota Range Region Advisory Council and you will be notified if award will be granted or more detail is needed.

### Guardian Angel Request

Name of person nominated: \_\_\_\_\_

(If confidential, first name, last initial/nominator will be asked to vouch for the individual's qualification for funds.)
