

We Need Your Help!

Participants Wanted for Interviews

We are developing measures to improve person centered Home and Community-Based Services outcomes

Getting services at home or in the community is important for people with disabilities. To make those services better, we have to know if they are working. We are developing surveys that ask questions about how well home- and community-based services (HCBS) are helping people live high quality lives.

We need your help to make sure the surveys provide valuable information.

In this study, we will meet with you in person. We will talk with you and ask the survey questions about some important areas of your life. We may record the interview.

To take part, you must:

- Be at least 18 years old.
- Have a disability and receive services or supports for the disability.
- Provide consent or assent (if not your own legal guardian).
- Be willing to take part in a 60-90 minute interview.

Everyone we interview will get a \$20 gift card.

IF YOU ARE INTERESTED OR HAVE ANY QUESTIONS, PLEASE CONTACT:

Matthew Roberts at: 612-624-1489 or rtcom@umn.edu

This project is overseen by Dr. Brian Abery (abery001@umn.edu) and Dr. Renáta Tichá (tich0018@umn.edu).
